BORAH TO CLOSE ARGUMENT IN THE HAYWOOD TRIAL

FAMOUS CASE WILL PROBABLY
GO TO THE JURY SATURDAY
MORNING.

MRS. STEUNENBERG PRESENT

When the Senator Demanded the Life
of Man Who is Said to Have In-
stigated Husband's Murder.

Boise, Ida., July 26.—United States Senator Borah opened the closing argument for the state in the Haywood case, following Clarence Darrow, who spoke for 11 hours. Senator Borah began by declaring that the state did not want Haywood convicted of any crime for which Orchard or Pettibone or Moyer or Simpkins or anybody else was responsible, and the evidence was sufficient to warrant such a conclusion. The senator denounced Clarence Darrow's statement that the jurors' minds had been poisoned against the defendants in this case. Nowhere, he declared, could a fairer trial have been held than in Boise; no defendant ever sat in a courtroom where there was a greater desire for an absolutely impartial and just trial. "We are not here fighting organized labor," he said. "We are not here fighting the weak or the poor. Neither are we here to shield that organized labor shall be a consent to crime. This is not an industrial war, as my eloquent friend of the defense would have you believe. We are not arraying class against class, or one phase of society against another. We are here in the interest of law, of justice, of fairness. That is all."

Senator Borah declared that Attorney Darrow in his address to the jury had offered subtle justification for everything charged against the defense. He set himself up in defiance of all the laws of public decency. "If the doctrine that Darrow preached to you be true, I am not surprised that these men committed murder," said Senator Borah, who then turned upon Attorney Richardson and declared that if Orchard is crazy it was no complaint to one of the greatest lawyers in the west that the maniac did not disclose any of his insanity in a week's cross-examination. "I do not know what your verdict will be in this case," said Senator Borah, "and I don't believe anybody knows. There is one thing I do know, and that is that you will never get 12 men in the state of Idaho to turn Harry Orchard loose, and you never will get any man as governor to turn him loose. Orchard has been promised no immunity, and it I should ever have anything to do with such a bargain as that, I should want the great God to wither my right arm till it fell from its socket. We are not asking for vicarious atonement in this case, like the defense, but we want no compromise. We know one man is guilty; it is for you to determine whether there are others."

The prosecution will conclude by tonight. Tomorrow Judge Fremont Wood will instruct and charge the jury. Mrs. Steunenberg, widow of the murdered governor, appeared in the courtroom for the first time since the trial opened.

Boise, Idaho, July 26.—Senator Borah will consume all of today's session and complete his summing up for the state in the case of William D. Haywood tonight. It is not likely that the case will go to the jury until tomorrow.

Three thousand people besieged the court house this morning in an effort to gain entrance to hear the senator complete his argument. Judge Wood however, ordered that none be admitted after all the seats were filled, but the crowd remained outside, hoping for a chance to get inside.

Borah's summing up is mainly a presentation of the state's case. He is not evading any of the charges of the defense against Orchard, but admits them and then declares that no matter what Orchard said or did in the past he is telling the truth now.

Plunging immediately into the conspiracy charge when court opened this morning Borah insisted that every witness called by the state had added to the chain of circumstances making the paths of Orchard and Haywood lie together.

"The crooked and devious trail of this arch fiend," he declared, repeatedly, "leads direct to the blood spattered ruins of the Independence depot—from the spattered, broken gateway in Caldwell, Idaho's greatest men to the Denver offices of the Federation and to the very desks of Moyer and Haywood."

Taking up the chain of circumstances added in connection with Orchard's operations in Colorado,

Borah declared it was because Davis Easterly, Aikman and Parker knew his part in the Bunker Hill explosion that they trusted him.

"And when he killed Beck and McCormick," Borah declared in stentorian tones, "they received him on their common level. He was from them and one of them."

Boiler Blew Up.
New Haven, Ky., July 26.—The explosion of a boiler in the plant of the New Haven Tile company wrecked the building and killed William Brown, colored. Victor Bowling, one of the proprietors, was badly hurt. Others injured were Dolas David and Elmer Holbert, white, and Charley Mitchell, colored.

MAGILLS MAY GO TO JAIL

Clinton, Ill., July 26.—It became apparent today that Fred Magill and his wife Fay Graham Magill would have to spend three months in the county jail of DeWitt county awaiting their trial should the evidence provided by the state's attorney Miller at the hearing Monday be sufficient to warrant an indictment by the special grand jury, an event, the likelihood of which has been admitted.

Heard that a special grand jury had been summoned, Col. R. A. Lemon, attorney for the Magills, sought Judge Cochran and endeavored to persuade him to at once summon a special petit jury, that his clients might be tried immediately. Should they be held Attorney Lemon admitted it might be difficult to secure bail, and Judge Cochran agreed.

The defense is jubilant over a coup secured in connection with the Magill letters. They are not in the possession of Sheriff Campbell, as reported, but are held by Magill's attorneys in Sandiego. Photographic copies reached the defense lawyers here today. Attorney Lemon refuses to permit any one to see Margaret Magill and denies that he has given out any interview whatever with her. Sheriff Campbell's party is expected to arrive in Clinton tonight. They will probably leave the train at one point outside of Clinton and drive in an automobile.

TARIFF LEAGUE ATTACKS PACT BETWEEN COUNTRIES

New York, July 26.—A declaration that the tariff trade agreement between the United States and Germany, recently promulgated by President Roosevelt, is contrary to law and to the policy of protection, was adopted by the board of managers and executive committee of the American Protective Tariff league, at a meeting just held in this city. A resolution in opposition to this agreement was offered by William F. Draper of Hopedale, Mass. It was adopted unanimously and will be sent to President Roosevelt, members of the cabinet and members of congress. It declares that although the customs administrative act provides that all ad valorem duties shall be assessed at the actual market value in the principal markets of the country from which the goods are exported, this agreement construes the market value to be the price fixed for export whenever the merchandise is sold wholly for export. Complaint was also made that the executive branch of the government has waived the requirement imposed by the legislative branch that foreign manufacturers show the cost of manufacture. It is declared that these modifications will result in a reduction of 10 to 25 percent in the ad valorem duties assessed on German products.

AN INVESTIGATION WILL BE STARTED

Columbus, July 26.—At the request of Governor Harris an investigation is in progress at the Athens State Hospital by Supt. Hanson to ascertain who is responsible for the condition of the woman patient from Portsmouth, who is about to become a mother, and whose name is withheld. Supt. Hanson blames an inmate, but thus far the woman has not identified any of the men whom she has named, and who have been taken before her. The patient is an epileptic and at one time was an inmate of the Gallipolis hospital.

Charles E. Johnson, convicted of the murder of his sister-in-law, Mrs. Bigler Johnson, and her niece, Anna Benjamin, nearly three years ago, was hanged in the jail at Towanda, Pa.

Joseph Turner, 11, was wounded to death by a crowd of boys at Williams creek, near Harlan, Ky. Tragedy followed a quarrel between rival gangs that were swimming in Cumberland river.

NEW YORK IS NOW MOB CRAZY AND BLOOD THIRSTY

OVER REPEATED MURDERS, ASSASSINATIONS AND ATTACKS ON GIRLS.

IS CHASED BY A CROWD

Man Who Jumped Into East River Was Drowned—Crowd Wants to Lynch Foreigner.

New York, July 26.—Having tasted blood when Frank H. Warner was run down and fatally beaten and wildly enraged over repeated murders, assassinations and fiendish attacks upon girls, New York is mob crazy today, and a man who slashed the face of a street car motorman was chased by the infuriated crowd until he jumped into East river and was drowned.

While the Brooklyn mob was chasing its victim, a crowd of angry men was storming the Dorp S. I., police station, demanding Joseph Nopwyaki, who is charged with attacking five-year-old Annie Falkowicko. Lieutenant Wilson sent a hurried call for the reserves. With drawn revolvers the police surrounded the man and held off a mob of 200 men and women. A dozen of similar attacks upon children have aroused public indignation and Police Commissioner Bingham has thrown up his hands. He admitted today that his men were unable to cope with the situation. It is feared that the Black Hand and other organizations of criminals will take advantage of the public confusion.

CRIME A DISEASE

And an Epidemic May be Created Unless Prompt Repressive Measures are Adopted.

New York, July 26.—"Unless immediate radical steps are taken to put a stop to the epidemic of crime that is raging in this city the whole country will become infected with the desire for murder and an epoch of bloodshed will follow."

This statement was made yesterday by Rev. Dr. Isaac K. Funk, head of the firm of Funk & Wagnalls, and widely known as a psychologist.

"Quick trials and justice of the severest kind meted out to the guilty are needed to put a stop to the crimes which are endangering our city," said Dr. Funk.

"Crime is a disease, and it is just as contagious as smallpox. It is a nervous affection. Persons of excitable temperament, on seeing or hearing of horrible crime, are seized with a mad desire to commit similar ones. It is an acknowledged scientific fact that this disease of crime is contagious. Its investigation has proved it beyond the shadow of a doubt. We see a person yawn and we instantly imitate him. In the same way persons of certain temperaments instinctively imitate the crimes of the others."

"With the enormous immigration of hot-headed people of several European countries crime has been on the increase. Merely to foreigners."

"The yellow newspapers are in a measure responsible for the prevalence of crime. In sensational criminal acts before the public, thus encouraging and exciting people to similar deeds."

"It is dangerous to give publicity to crimes. They may make virtue a sensation. It is so rare nowadays that it has healthy-minded people."

"I am not prepared to say that immigration to this country should stop, but I do say that immigrants should be closely watched and encouraged in good morals and properly educated."

MISTAKEN IDENTITY.

Bakersfield, Cal., July 26.—George McGowan, society favorite and manager of a large concern, was arrested here today upon charges from Webster City, Ia., where a man of the same name is wanted on charges of embezzlement and arson. Friends say it is a case of mistaken identity.

At Little Rock Ark., Mrs. Anna Loowe poured a gallon of coal oil on her head, told her little daughter to watch and see the show, and then set fire to the oil. Mrs. Loowe's body was burned to a crisp. Domestic differences.

KILLED SWEETHEART ATTEMPTED SUICIDE

Greenfield, O., July 26.—Orb Anderson, aged 27, shot and instantly killed Pearl Warner, at the residence of her mother in Leesburg last

night. Anderson and Miss Warner were engaged to be married. Miss Warner was pressing her suitor to marry her, which caused a quarrel and Anderson shot. Anderson swallowed a dose of arsenic, but the doctors saved his life.

HOT WAVE.

Washington, July 26.—The hot wave continues in the south and west and has moved eastward as far as New York, where according to the weather bureau, 98 degrees was recorded. The same temperature was officially reported from the south. The weather bureau predicts a slight drop in temperature in the south in a day or two.

INDIAN GIRLS MAKE A GUARD

Over the Graves of Their Ancestors and Threaten to Shoot Anyone Who Disturbs Them.

Kansas City, July 26.—Helena, Ida and Lida Conley, sisters, and Wyandotte Indians, began an armed guard over the graves of their ancestors in Huron cemetery in Kansas City, Kan., recently ordered sold by the government, and threaten to shoot the first person who may attempt to remove the bodies. Congress authorized the sale of the cemetery, set aside for many years as a tribal burying ground, and a division of the money among the remaining members of the Wyandotte tribe, first removing the bodies. The Conley girls say they won't permit the graves to be touched, and they began the erection of a shanty on the outskirts of the cemetery.

Passing of Indian Chief.

Walker, Minn., July 26.—Flatmouth, head chief of the Leech Lake band of Pillagers, a branch of the Chippewa Indians, died at the old agency near here. The tribal customs of the Chippewas were carried out in full form. As soon as it was known that their head chief was about to leave for the happy hunting grounds the medicine dance was started and continued for several days, up to the time of Flatmouth's death. While the drowning of the dogs, the dog feast and the grotesque dances were gruesome in the extreme, the white visitors were much impressed with their solemnity.

JAPANESE TROOPS WILL DISARM KOREANS

Seoul, July 26.—Arrangements have been made with the railway authorities quickly to bring 4,000 Japanese bluejackets from the squadron now at Cheulipo. But on account of military technicalities they will not be called for unless a great emergency arises. A mixed brigade of probably 7,000 Kiu Shiu troops began arriving at Fusan Friday evening. Marquis Ito having finally consented to bring Japanese troops to Seoul on account of the proposed disarming of the Korean army and the proposed separation of the emperor from his troops and advisers, both of which the cabinet is prepared to do as soon as there are enough troops to quell any trouble that such action might occasion.

Viscount Hayashi Talks.

Seoul, July 26.—Viscount Hayashi, the Japanese minister of foreign affairs, in an interview on the Korean situation said that the new agreement contained Japan's whole program in Korea. His mission accomplished, he said he would return to Japan on the first ship from Cheulipo; that matters now develop upon Marquis Ito, who was more than a reminder, and whose responsibilities had been more than doubled, adding that Japan's responsibilities in Korea were now enormous.

Salvador Seeks Peace.

Washington, July 26.—Mexico has been approached by the government of the republic of Salvador with a request that it take what practically amounts to the initiative in opening negotiations between the latter country and Nicaragua for a settlement of the differences between them and the reference to arbitration of the claims for reparation for damages sustained by Salvador as a result of the expedition against it by President Zelaya about six weeks ago, which created considerable damage in and about the harbor of Acapulco and surrounding country. Salvador it is believed here, would be willing to arbitrate if her neighbor would first indicate in some manner its regret for what has occurred and make suitable amends for taking up arms against her. Among the Central American diplomats and at the state department the impression is general that Nicaragua has decided to desert from her avowed purpose of sending another expedition against Salvador.

Sidewiped by Freight.

Richmond, Ky., July 26.—A special Louisville & Nashville passenger train was sidewiped by a freight train in the yards here. Robert Kennedy, a prominent business man of this city, was slightly injured. United States Senator James B. McCreary was on the train, but was not injured.

The "mesiah" bird of India excels all others in its imitative powers.

SAN FRANCISCO PLACES GREAT HOPE IN DR. EDWARD TAYLOR, HER NEW MAYOR

DR. EDWARD ROBERTSON TAYLOR, NEW MAYOR OF SAN FRANCISCO.

San Francisco, July 26.—Eugene H. Schmitz, San Francisco's convicted former mayor, is still defiant in his prison cell. He declares that he is the city's legal mayor and that official acts by any one else will be upset by his court.

Dr. Edward Taylor, who was selected as Schmitz's successor by the Board of Supervisors will, it is believed, prove satisfactory to the great

SURVIVORS MAKE CHARGES AGAINST OFFICER

San Francisco, July 26.—Third Officer Hawse of the wrecked steamer Columbia, whose sworn report of the disaster filed with the federal inspectors charged Captain Hansen of the San Pedro with refusing aid in the rescue of the stricken passengers, is now charged by survivors who conducted the same boat with him, with conduct more cruel than that specified by his own formal report. The charges made against Hawse are: Refusing to give his coat to an unconscious woman rescued from the water in a freezing condition, his remark being "My coat is my own," ordering a sailor to strike a crippled man whom he believed occupied too much space in the lifeboat; sitting calmly in the stern sheets of the boat and refusing to assist in dragging men and women from the water.

HORSES STAMPEDE DASH THROUGH CROWD MANY WERE INJURED

Chattanooga, Tenn., July 26.—When the streets were crowded 2000 horses in the heavy stable of Willis & Company, which had caught fire, were stampeded, dashing through the flames and into the crowd. A score or more persons were knocked down, the frightened horses dashing over them. Among the most seriously injured was Frank Rees, a capitalist, who sustained severe bruises.

Fatal Runaway.

Romeo, Mich., July 26.—Mrs. Herbert Stranahan, 23, is dead, and her mother-in-law, Mrs. Charles Stranahan, will probably die as the result of jumping from their carriage when the horse ran away. Two ladies who remained in their seats were uninjured.

LIGHTNING STRUCK KILLING SEVERAL

Otter Lake, Mich., July 26.—Three and possibly four persons lost their lives when lightning struck the hard ware store of W. S. Henningsway, exploding a quantity of dynamite. The dead are: Maynard Henningsway, 30, who clerked for his brother; Maynard Henningsway's wife and five-year-old daughter. It is reported that a customer was in the store at the time, but this can not be confirmed. The building was burned down.

ANOTHER PLOT AGAINST THE CZAR IS DEVELOPED

St. Petersburg, July 26.—While searching a house in this city, the police found a detailed plan of the Baltic railway, which is an imperial line, and also a plan of the imperial yacht Alexandra. A number of men and women found living in the house where the documents were discovered were arrested. The authorities claim that they ascertained that an association has been organized to prepare a fresh plot against the life of the emperor. It is alleged that the head of this association is in prison in the fortress of St. Peter and St. Paul.

COMPLAINT MADE

That Railroads Do Not Furnish Cars to Georgian Fruit Growers.

Atlanta, Ga., July 26.—The senate unanimously adopted a resolution asking the Georgia railroad commission to investigate numerous complaints from the peach growing section of the state regarding the delay in railroads in furnishing cars for the shipment of the fruit. It is alleged that many carloads of peaches have rotted at railroad stations for lack of cars, which the roads have failed to furnish.

SPAIN WILL REMOVE OFFENSIVE EPITAPH

Madrid, July 26.—When the body of Christopher Columbus, and the Spanish-American war, was brought back to Spain from Havana and placed in a magnificent sarcophagus in the cathedral at Seville, the Spaniards, smarting under the memory of their defeat, placed the following epitaph upon the tomb: "When ungrateful America separated itself from the mother country Seville took back his bones." Now that the all going against America has largely disappeared, it is proposed to replace this epitaph with more appropriate words. The municipality of Seville has consulted the Duke of Veragua, the descendant of Columbus, and the duke has expressed not only willingness but pleasure at the idea of removing from the tomb such an unworthy piece of rancor toward the Americans.

Messenger Boys Strike.

Salt Lake City, July 26.—Business in the Western Union telegraph office here was hampered by a strike of the entire messenger force. The boys demand to be given every other Sunday off and to work four hours upon Sunday when on duty.

STATE AGAINST THE GOVERNMENT IS THE ISSUE

A FUTILE CONFERENCE WAS
HELD ON THURSDAY AT
RALEIGH, N. C.

INVOLVING THE RATE LAW

Nothing Was Accomplished and No
Basis of Amicable Settlement
Could be Reached.

Raleigh, N. C., July 26.—A conference was held here between Governor Glenn and Edward T. Stanford, assistant United States attorney general, concerning a basis of settlement between the state and the Southern railway, involving the jurisdiction of state and federal courts. Nothing was accomplished. Governor Glenn emphasized the statement that it would be useless for the railways to make any proposition that did not first provide that the state rate law should go into effect pending the result of the litigation, and that if the railroads refused his offer, the state would in a perfectly legal way continue to execute the law as he sees it. If necessary he announced he will call an extra session of the general assembly that it might act as it saw fit on all matters affecting the pending litigation. That, as he gets his authority and power through it, that body alone by way of eminent domain, etc., can control and regulate railroads acting in defiance of both the law and the proceedings of the legally constituted state courts.

As a basis of settlement, an extra session seems inevitable. The governor suggested to Mr. Stanford the following, which he has sanctioned to the state solicitor at Asheville: "That the 2 1/2-cent rate can be put into effect at once by the railroads until a final legal settlement, the state to appeal from the order of Judge Pritchard discharging from custody the Southern railway ticket agents in Asheville; the Southern railway to appeal to the supreme court, North Carolina, in the Wake county case, in which the company was fined \$30,000, and if decided against it to go by writ of error to the supreme court of the United States; each side to co-operate to have both cases advanced, argued together and speedily determined; the state at its option to indict the Atlantic Coast line in one case for violation of the rate law; all other indictments to be stopped pending a final determination of the case; the governor to advise all people against bringing penalty suits pending a final determination, and to ask the people as a whole to acquiesce in these arrangements, the injunction suit pending before Judge Pritchard to be diligently prosecuted without the state waiving any question of jurisdiction."

Made Sick by Ice Cream.—Between 70 and 100 persons were poisoned by eating ice cream at a festival at Hamilton church, nine miles from here. Prompt medical attention for those affected prevented any fatalities.

WILL NOT CALL STATE TROOPS IN MINNESOTA

Duluth, Minn., July 26.—Unless conditions become more aggravated than they are at present, state troops will not be called to the Mesaba range, where the miners are on strike. This was decided by Governor J. A. Johnson after an inspection of conditions at Hibbing, Virginia and Eveleth, the three principal towns in the strike district. Whether the strike will be settled soon depends in large measure upon the action of the conference in the steel corporation building between representatives of the ore handlers, who have organized since the strike began, and the railway officials. It is believed by those in close touch with the situation that if the corporation recognizes the new union and the men go back to work, the strike will be of short duration.

WILL WARNER BE REMOVED?

Canton, Ill., July 26.—President Roosevelt is to be asked to remove Congressman Warner, United States commissioner of pensions, from his official position. This action will be taken by the Citizens of Canton and Decatur, who are denouncing Congressman Warner in strong terms because under oath he made the charge that his stepmother, Isabella Robinson Warner, was a negro. Petitions asking his removal will be circulated throughout DeWitt and Macon counties.

"SAINT" JACKSON PASSES AWAY

FORMER RESIDENT OF NEWARK
DIES OF INFIRMITIES OF AGE
AT MT. VERNON.

While in Kansas He Acted With John
Brown—He Arrested Over 300
Deserters.

Sylvadore Jackson, better known as Saint Jackson, passed away Thursday at the Mt. Vernon Hospital, where he had been receiving care since last March. Death was due to infirmities incident to old age.

Mr. Jackson was a native of Licking county, where he was born in 1832. From 1856 to 1859 he lived in Newark. Previous to that time he had rendered service in the cause of freedom in Kansas. While in Kansas he had known and acted with John Brown. He aided in driving out the border men and was twice wounded in one night. During that campaign he performed many daring feats.

In the later part of 1859 Mr. Jackson went to Mt. Vernon and entered the grocery and bakery business. He disposed of his interests in 1861 and went South, where he became ill of rheumatism and lay in a Nashville hospital for ten months. Being unable to perform field service, he returned to the North and served as a provost marshal. He arrested altogether over 300 deserters.

While performing these exciting duties he was shot at seven different times, and on one occasion while arresting a deserter was so badly hurt that he eventually lost his sight.

The deceased is survived by his wife and one son, Prof. Charles Ellsworth Jackson of Pittsburg.

The funeral will be held Saturday morning from the home on West High street, Mt. Vernon, and will be private. The Rev. L. O. Newcomer will officiate. Burial in Mount View cemetery.

UTICA NEWS

Utica, July 26.—The Woman's Foreign Missionary Society of the Methodist Episcopal church will meet at the home of Mrs. D. S. Warner on Thursday, August 1, at 2 p. m. when the following program will be carried out: Devotional exercises led by Mrs. Dennison; roll call with Scripture response; song; reading, Margery Houser; duet; reading of a poem and explanation, Miss Brinkerhoff; song; benediction.

At the time of the death of Mrs. Rinehart, one of her daughters, Miss Alta, was at the home of Mr. Samuel Shaffer. Mr. Shaffer took her to her home, and while he was absent on the trip, Mrs. Shaffer fell and fractured one of her elbows.

The Utica Fishing club has pitched tents on the farm of Joseph McVeigh, near Walwhonding, and the tent poles will not be lowered until some time in September. All members of the club may not joined the camp yet, but the missing will soon turn up.

While playing mumble-peg Charles VanWinkle of near Martinsburg, threw his knife so that it penetrated his foot and made a bad wound. A lit-

tle son of Harvey Gooden recently met with a similar accident.

Charles McLain of Colorado Springs, is visiting with old friends about Utica and Martinsburg. He is a brother of H. H. McCain.

H. E. Harris, real estate agent, has sold the Nelson property on North street to Mayme E. Adams. The house is now occupied by Walter Warner.

Misses Alice and Eleanor Wylie of Zanesville, are visiting at the home of Wylie Wallace and other friends here.

TUBERCULOSIS HOSPITAL.

It is hoped by the commission in charge of the erection of the sanatorium for the treatment of tuberculosis at Mt. Vernon to have it completed and ready for dedication in September or October, when noted experts from all parts of the world will be in Washington attending the fourth international congress for the prevention of tuberculosis. Dr. C. O. Probst, secretary of the State Board of Health, has been appointed vice president of the section on state and municipal control of tuberculosis. The delegates to the congress will have two weeks to visit various cities of the United States, and it is hoped to have them inspect the Ohio institution.

THE RAINS INTERFERE WITH FARMERS' WORK

The rains of the past few days have greatly interfered with the work of the farmers and they have had a hard time making their hay and harvesting generally. It has been almost impossible to secure help and although as high as \$2 per day and board has been offered no volunteers have appeared. The situation became desperate until the farmers learned that many Roumanians and Hungarians were to be obtained and they quickly set about to secure their services.

Mr. Theodore Simross of the Foreign Bank, who is also the local employment agent, let it be known that men were wanted to work in the harvest fields and already he has supplied nearly fifty men to work in the harvest fields. Farmers who came to town report to Mr. Simross that they find the men excellent workers and that they have no complaint to make regarding them, while the men are surprised at the treatment they receive in the country, and say they were never treated better.

PILGRIM JOE JAILED.

Accused of Killing Three Persons
With His Pain Alleviator.

CITIZENS DEMANDED REVENGE

'Twas Later Ascertained That Victims
Came to Death by Eating Poisonous
Mushrooms—Given His Liberty With
Expressions of Good Will.

[Copyright, 1930, by C. H. Sutcliffe.] I had halted halfway between the towns of Come Off and Go On to give my old horse a bite to eat when I found myself smoking my pipe and musing: "It is better to be right than to be great, although your grocer may sometimes turn you down."

And also: "Integrity has sent many a man to the poorhouse, but he didn't have a constable to show him the way."

And likewise: "He that stealeth a dollar is a thief, but by some hocus pocus he that accumulates fifty millions demands the respect and admiration of the public."

I was trying to figure out whether the railroads and other corporations

"I WAS SENTENCED TO ONE MONTH IN JAIL AND SHOVED BEHIND THE BARS."

owned more members of the present congress than the last when a body of patriotic citizens came riding on the gallop and drew rein beside me, and the leader called out:

"Villain, we will give you exactly ten minutes in which to make your peace with heaven!"

"Whyfore this gathering and this suddenness?" I asked.

"It's that Pain Alleviator of yours that has killed three people over at Codfish Point. They died within half an hour after taking it. We, their surviving relatives, demand retribution."

Reads From One of His Circulars.

I protested. With a rope around my neck I protested. From one of my circulars I read to them that the Pilgrim Pain Alleviator was compounded from roots and barks and herbs that were perfectly harmless.

That even if you swallowed the cork with the dose you had a buoyant feeling.

"That it was a panacea for low spirits and morbid feeling. That people who were on the point of committing suicide had taken one dose and begun to frolic."

That it had warded off yellow fever and deprived cholera of its grip.

That liver complaint, lumbago, catarrh, rheumatism, roaring in the head, dizziness and flatulency disappeared before it like dew before the summer's sun.

That it had helped underserving people into jail and helped deserving ones out.

That no man should trade horses, buy a piece of land, get married, make a will or bury his wife without first taking a dose according to directions.

The pathos in my voice or the indisputable facts I stated had an impression on all the patriots but one. He was an old man with the chin whiskers of a goat and a countenance he tried to make benign. I remembered to have seen him a year before when he was traveling about the country with a consumption cure. I now saw that he was the real leader of the gang and that his object in having me lynched was to come into possession of my outfit, which I will state here for the benefit of blind persons consists of—

- One horse.
- One tinfoy outfit.
- One fighting dog.
- Twenty-four moving pictures that move.
- One grasshopper in a bottle.
- One gross of Pilgrim Pain Alleviator.

Wiser Counsels Prevail.

This old patriarch pushed to the front and demanded that I be hung forthwith, but wiser counsels prevailed, and I was taken six miles to a county seat and there thrust into jail until the case could be further considered. At the end of two days it was ascertained beyond dispute that the unfortunates had come to their deaths by eating poisonous mushrooms. All had my alleviator in the house, and had they taken a double dose the effects of the poison would have been counteracted. I was given my liberty with many expressions of sympathy and good will, and when I came to look around I found that my property had disappeared with the old patriarch the day before. Several citizens offered to accompany me in chase; but, girding up my loins and realizing that integrity was never yet knocked out for long, I set off over the country on foot. At

the end of fifteen miles I was rewarded. I came across the old man at a house where he had stopped to court a widow woman and try to work the tinfoy business.

I am but a weak worm of the dust when it comes down to it. It would have been a tender and juicy bit of brotherly love to have presented the old cuss with a dozen bottles of the alleviator and kissed him on the cheek and bidden him go and sin no more. That's what he expected me to do, but I disappointed him. I invited him out of the house, and when he smilingly followed me I proceeded to lasso him. I mauled him. I chugged him. I hammered and punched him. I made him to cry unto the seven angels for mercy. When he was a licked man I gathered together my own and rode triumphantly away, never heeding the offer of the widow to marry me in his place. Lest I seem boastful I may say that when I had had time to overhaul myself I found that I had suffered—

- One black eye.
- One skinned nose.
- One bitten thumb.
- One bleeding ear.
- One loose tooth.

Thus it ever is. The machinashuns of sin may prevail for a short time over integrity, but the race is brief and the victory soothing to the soul. The only damage done to the outfit was to the grasshopper in the bottle. He had somehow lost a leg, but I had no sooner tied it on with a piece of string than he recovered his normal composure and was himself again.

Enters Busted Hopes.

Two days later I entered the bustling metropolis of Busted Hopes. The day was balmy, the town band was playing, and I felt in my soul that it was good to be there. Not a shudder of my impending doom came to warn me. I was pitching my tent and looking around in a benign way when a red headed man, who announced himself as the mayor, came forward and wanted to borrow \$50 in cash as a token of esteem. When I had shaken my head in a doubtful way he took his leave, and an hour later I was arrested under the provisions of the cruelty to animals law. It was claimed that I was holding a grasshopper against his will and that now and then I stirred him up by dropping a bumblebee into the milk bottle with him. It was done in revenge for my refusal of the loan.

Exhibits Documentary Evidence.

Taken into court, I exhibited documentary evidence that I had rescued the hopper from a life of suffering and peril and that now and then his lively disposition demanded something out of the usual—something like a bumblebee to chew up. The judge was not a fair minded man. He probably was to get half of that \$50 and was disappointed over my attitude. I was sentenced to one month in jail and shoved behind the bars. For a few minutes I was cast down and made to wonder if it really paid to be good, but when I came to see that I could break out of the old shang in ten minutes I became a partner of integrity again.

That evening, after the just and unjust inhabitants of Busted Hopes had sought their downy couches and just as the new moon was showing her innocent face above the prairie, I wrenched my way to liberty. Hunting around for a spell, I found my outfit and drove softly out of town and into dim distance, and as the faraway howls of an Oklahoma coyote reached my ear I flicked the old horse with the gad and murmured unto myself:

"Integrity may even lead a follower into jail, but she always manages that an old stove leg is left lying around to pry the bars off with!" M. QUAD.

And She Went Home to Mother.

"Well," said the wife who had put up with her husband's blunders till the limit of endurance had been reached, "here you bring home some strawberries that are positively green! You always do. You never picked a ripe watermelon since I have known you, you always buy poor cantaloupes, you let your tailor give you clothes that shrink and fade, you can't choose grape fruit that is worth eating and"

"And I picked you out too. Don't forget to put that in," urged the husband.—Judge.

Secrets.

Sweetheart, bend your pretty head;
Bend it low, bend it low.
I've a secret my heart said
You should know, you should know.
Lift your bonny eyes of blue;
Hold your breath until I'm through.
Here's a secret; it is true—
I love you.

Oh, the secret you have told
Unto me, unto me,
Ever new, and yet so old,
You'll agree, you'll agree,
Is so sweet because it's true.
But I have a secret, too.
And—oh, well, I will tell you!

the end of fifteen miles I was rewarded. I came across the old man at a house where he had stopped to court a widow woman and try to work the tinfoy business.

ASK your stenographer what it means to change a typewriter ribbon three times in getting out a day's work.

The New Tri-Chrome Smith Premier Typewriter

makes ribbon changes unnecessary; gives you, with one ribbon and one machine, the three essential kinds of business typewriting—black record, purple copying and red.

This machine permits not only the use of a three-color ribbon, but also of a two-color or single-color ribbon. No extra cost for this new model.

Prevent Consumption!

Catarrh of the Head and Throat.

Foul breath, sneezing, pain, burning, itching in the nose, pains in the head, dizziness, impaired smell or taste, dropping in the throat, are easily overcome and cured by Our Treatment.

Deafness and catarrh are incurable till the cause is removed; 95 per cent of all cases of deafness are caused from catarrh, and it is by our system of treatment that we absolutely cure stubborn cases of deafness and catarrh.

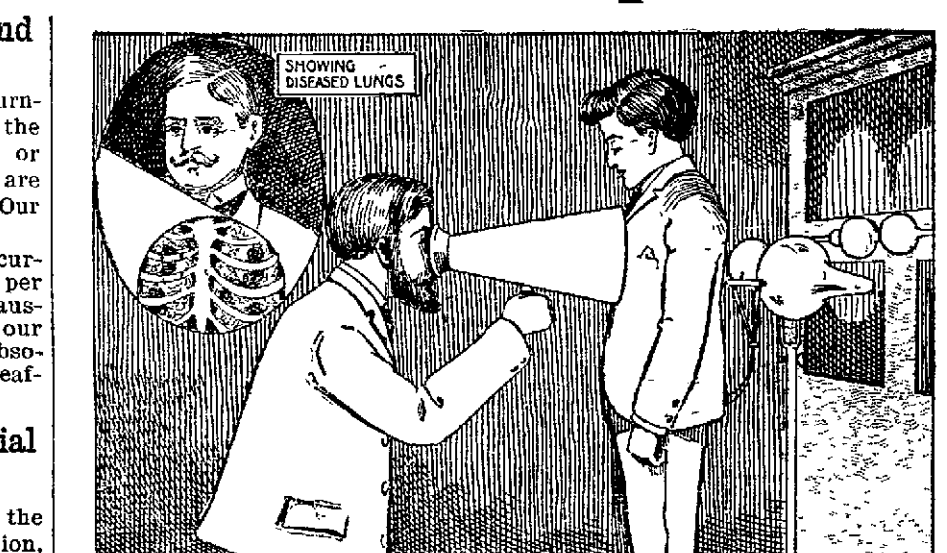

Catarrh of the Bronchial Tubes.

Cough, loss of flesh, pain in the sides, frothy or yellow expectoration, shortness of breath, depressed spirits, pain under shoulder blades, night sweats, all forerunners of consumption, are forcibly suppressed by the inhalation and special medication at the X-Ray Medical Institute.

Consumption.

No germ can live when it comes in contact with our treatment. The treatment acts also as a preventive when used by persons having weak lungs or any nose, throat or bronchial affection.

Our system of treatment bathes the linings of all these passages and it prevents the consumption germ, which may be in the air, from lodging or implanting itself in the sensitive tissues.

Catarrh is thus prevented from extending into the throat or tubes, where it frequently gives much annoyance. DO NOT NEGLECT CATARRH, because it is the forerunner of serious throat and lung diseases. IT CAN BE CURED.

GOVERNORS OF OHIO

JOSEPH BENSON FORAKER—1886-1890.

Joseph Benson Foraker, governor of Ohio from 1886 to 1890, was born near Rainsboro, O., in 1846. He entered the Union army at the age of sixteen, being mustered out at nineteen after a brave service. He was at the battles of Kenesaw Mountain, Mission Ridge, Lookout Mountain and Sherman on his march to the sea. He attended school at Delaware and graduated at Cornell in 1869. For three years he was judge of the superior court of Cincinnati. In 1889 he was re-nominated for governor and was defeated by James M. Campbell. He was elected to the United States senate, which position he now occupies in his second term.

MORE LIGHTNING FREAKS.

Lightning again played some peculiar and right serious pranks Thursday at the residence of Mr. Bruce Stewart about two miles north of the city. At about noon a bolt of lightning came caving through the ambient and struck the wind mill which is located close by the Stewart residence. It melted the cable off that house the water, tore off a considerable amount of the weather boarding that the derrick is covered with, then after the pyrotechnics described, it did a great leaping stunt and landed in the barn on the place 150 feet away from the scene of its first efforts. The corner of the building was damaged considerably and almost all of the posts of the barn were split. But the eccentric element was not done yet. It went then to the house, cut a window out, and knocked a hole the size and shape of an egg in another window pane. Luckily no one in the house experienced any shock, but Mr. Stewart says, "If things have got to be shocked around here let the old lightning come in due time, and shock my corn."

Why Do You

???

place a sign before your place of business? Because you want your friends to know you are in business. If you did not do so, it would take years for them to find out where you were or what you were doing. How do you expect your friends to know you have a house, lot, horse, buggy, or any other article for sale unless you put up your sign. The VERY BEST place to put that sign is in THE ADVOCATE WANT COLUMNS. Because they reach the people today, tomorrow, all the time. Because, the cost is so little—only 25 cents for 15 words 3 days.

RAILWAY AFFAIRS

On account of the heavy rain fall there was a slide of earth at San Toy on the San Toy end of the tunnel near Sayre, O., on the New England coal branch. Five or six feet of mud covered the track in the big cut which is an approach to the tunnel. It is still blocked, work trains, however, being sent from Newark, and the officials say that they hope to get the right of way open for traffic by Friday afternoon.

Mr. W. C. Lorie, general superintendent of the B. & O., was in the city Friday and went to Shawnee the same day.

Mr. Ed Edwards the freight engineer, who sustained a dislocated shoulder in the freight collision at Wilmington on the Midland, Wednesday, came home Thursday. The train 97 had a full crew from Newark and their many friends are congratulating them on their narrow escape. Mr. Edwards' injury is mending rapidly.

The Knights of Columbus had a large number of Newark people who joined them here for their convention at Cedar Point, Friday morning.

INVESTIGATION

IS DESIRED BY THE BOARD OF
TRUSTEES OF THE OHIO
UNIVERSITY.

Principal News of the Buckeye State
Told in Brief Paragraphs for
Busy Readers.

Athens, O., July 26.—Dr. Alston Ellis, president of the Ohio university, presented to the board of trustees a copy of the charges recently filed with the governor by former Representative A. E. Price of Athens, against the Ohio university. The board unanimously adopted a resolution, a copy of which will be sent to the governor and secretary of state, inviting the most complete investigation possible not only relative to the charges, but also any other matters of the university.

Ore-Carrying Vessels Tied Up.
Cleveland, O., July 26.—Eighteen big ore-carrying vessels are tied up here as a result of the strike of ore handlers at upper lake ports. Big feet are also tied up at other Lake Erie ports. Inquiry among furnace operators develops the fact that there is no ore on hand at most of the plants to keep them in operation for some time to come. The strike is having the effect, however, of throwing hundreds of men out of employment on the docks and elsewhere at lower lake ports.

Bequests of a Banker.
Cleveland, O., July 26.—The will of Phineas M. Spencer, a widely known banker of this city who died Tuesday, has been probated, disposing of an estate of nearly a million dollars. Among the bequests are \$22,000 to Mary Costello, his housekeeper, to another member of his household staff, \$10,000; to Mrs. James Wood and Mrs. Harry Wood of Buffalo, \$10,000 each; to Miss Allie Camp of Cleveland \$4,000; to Miss Francis, a stenographer \$2,000.

Black Hand Night School.
Youngstown, O., July 26.—In trunks of alleged Black Hand leaders police declare they have found letters, silencers and revolvers that will result in running down a big gang of desperadoes. Giuseppe Catronico and John Joli are under arrest as Black Hand men. Police assert that a regular night school was maintained for the instruction of new members and that a rubber man was used as a dummy in teaching recruits approved methods of stabbing.

Worst Storm in Twenty Years.
Bridgeport, O., July 26.—The worst storm in 20 years hit Belmont county. Nicholas Perkins and the horse he was driving were instantly killed near St. Clairsville by lightning. The Glenn's Run coal mine electric plant is ruined by lightning, causing \$10,000 damage. It will lay off the mine for weeks. The Laughlin mine is flooded two feet deep. Corn fields on the hillsides are washed away completely.

Girl Killed by Negroes.
Ironton, O., July 26.—Rose Maddox, a white woman, was assaulted and murdered by two unknown negroes in this county, opposite Huntington, W. Va. The woman lived in Huntington. Her assailants escaped.

Girl and Horse Hit.
Gallipolis, O., July 26.—Annie, the 12-year-old daughter of Mr. and Mrs. John Hawk, residing three miles from Gallipolis, was struck and instantly killed by lightning. She was riding a horse at the time. The horse was also killed.

Stabbed in Card Game.
Oil City, Pa., July 26.—Edward Darridge of Chillicothe, O., who was following the races, was stabbed, perhaps fatally, by a man whose name is unknown. Darridge and his assailant were playing cards and got into a dispute. The unknown escaped.

Struck Searching For Bible.
Kenton, O., July 26.—Mrs. H. Hutson of Roundhead, O., at the approach of a storm went into the dooryard to secure a Bible that lay under a tree. The lightning struck the tree and killed her.

Local Option Election.
Somerset, O., July 26.—This town will hold a local option election Monday, and both sides are confident of victory. The campaign is being both waged and outside talent is being used.

**THE COTTON CROP
HAS IMPROVED**

Atlanta, Ga., July 26.—President Harvie Jordan returned today from a tour of the cotton belt and declared that while conditions of the growing crop has improved, August will be a critical month. He said: "Although the crop has improved in the past 30 days, it is still four weeks late and it will go into August with but little matured fruit. This will make August the most critical period. Adverse climatic conditions in that month and September and with early October frosts, would materially reduce the yield."

Excitement in Korea.
Seoul, July 26.—The Korean Anshill has been stirred to the very cellar by the emperor's second pledge of abdication. A wave of great excitement swept over the whole peninsula when the new agreement with Japan was announced and the emperor's proclamation published in the provinces.

ADDITIONAL ERECTING SHOP AT
JEWETT PLANT IS NEARLY
COMPLETED.

Work is Progressing on New Machine
Bottle Plant, Which is Biggest
Factory in World.

Col. W. C. Wells reports that the last of the new machinery for the Ohio Rail company's new plant in West Newark, has just arrived and the steel rails for re-rolling are now coming in. Within ten days the new industry will be put in operation. After it gets under way 160 people are to be employed by the Ohio Rail company.

The new erecting shop of the Jewett car plant is under roof and is nearing completion. The company is rushed with orders and is already using a portion of the new shop before the building is completed.

The new machine bottle plant adjoining the Everett glass factory in North Newark is well under way. It covers nine acres of land and the cost of the new factory is estimated at over a half million dollars. When the new plant is completed this fall 27 of the Owens bottle machines will be operated, each one of which manufactures 14 complete bottles every minute, each machine operating 23 out of 24 hours. The completion of this plant will give Newark the largest bottle factory in the world.

To Cure Rheumatism

The excessive accumulation of uric acid must be eradicated from the system. Dr. Miles' Nerveine used as directed for rheumatism, is alkaline in nature. It neutralizes this acid, and its soothing effect upon the irritated condition of the nerves relieves pain and induces sleep and rest.

I was suddenly taken with a severe pain in my foot. No physician could get me any relief. In a few days I had the same trouble with my hand. I was so crippled that I could scarcely walk and at times I had to crawl on my hands and knees from room to room. After a few days I was unable to walk and I was so sore on my foot and hand that I could manage to walk by supporting the pain. I suffered more or less all summer and tried almost everything but got no relief. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks but I was scarcely able to walk when I left it. I read about Dr. Miles' Nerveine, bought a bottle and also wrote the Miles Medical Co. for advice. They advised me to add salicylate of soda to the Nerveine, and I commenced to get better from the start and for the next six months have scarcely any pain, and am able to walk as well as ever. J. S. J. SAN FRANCISCO, P. O. Box 5. Rockaway, N. J.

Dr. Miles' Nerveine is sold by druggists, and will guarantee a first bottle will benefit. If it fails, we will refund your money. Miles Medical Co., Elkhart, Ind.

in Gangrene.

As the result of a small injury sustained three weeks ago J. H. Shoemaker, a hardware merchant and farmer at Pickerington, Fairfield county, is now lying in a critical condition at Columbus hospital and will have his left leg removed at the hip, Saturday by Dr. Leach.

The unfortunate man was repairing some water gaps on his farm and stubbed his toe slightly bruising it. Nothing was thought of the injury as it had been sustained through the sole of a rubber boot. It soon grew in seriousness until Dr. Taylor of Pickerington, was called and he advised that the man be immediately taken to Columbus for an operation. The foot and leg below the knee have become badly affected with gangrene.

It is hoped that by removing the limb the man may recover but his chances are small.

One of the best games of the season was pulled off at the ball park Thursday afternoon. It was replete with sensational plays and kept the large crowd of fans on tip toe from start to finish. The two stout paws faced each other on the battle line and both did excellent work, Limrick allowing six hits and Linke four.

Umpire Arlie Latham officiated and warmed up before the game by playing first sack for Newark. He evidently has not forgotten the old days when he used to play fast ball with the Reds down on the Ohio River town. He had made several bad decisions on balls and strikes and received a little roasting from the rooters.

Abbott, Schweitzer, Snyder and Hagen all made sensational catches in the outfield and two double plays were made by the Pennsylvanians, Woodruff catching a high one from Schweitzer's bat and retiring Snyder at second and Schlatter catching Gygli's pop throwing to Davis retiring Murray.

The Nocks were out for blood as they were still suffering from the sting of defeat of the day before and had instructions from Manager Bill to go in and win. They put up the best article they could but it wasn't of the

work of the team is being talked about not only in our own native state but all over the country, and one of the best little cities in the state is being advertised as it never has been before. A great deal of praise is due Capt. Bob Berryhill, and the club officials for the excellent results.

In Thursday's game Linke was in splendid form, allowing but four hits and striking out seven men. Limrick

filled up a hole at third. Heller played there, Eichberger going to the middle field. Score: R. H. E.

also was in good form and had it not been for Brigger's error in the second a different story perhaps, might have had to be written.

The fielding of Abbott, Schweitzer and Snyder was also worth more than double the price of admission and was of the most sensational order. The first named gentleman, caught a fly while on a dead run, picking it almost out of the grass and scooping it into his mitts while turning a somersault. Just to show that he had it fair he threw it from him while his body was still in the air. Schweitzer made a great run to deep right center and pulled down a high fly off Limrick's bat that looked almost like an impossibility. It remained for the old reliable Lefty Snyder to show up one of the most remarkable catches ever made at the park. He started on a full run after Davis' high swat to the center fence, reaching it just in time to save a three bagger. The catch is all the more remarkable when the distance he had to cover is considered.

The game was truly a fast one and was thoroughly enjoyed by everyone present. Only one run was earned, that going to the credit of Newark in the sixth:

How the runs were made.

In the second Haval hit for a single, was sacrificed by Murray for a single, was sacrificed by Brigger to Schlatter, Murray reaching first in safety. Gygli went out to Hagen to Schlatter, Winters flew out to Woodruff and Abbott popped to Schlatter.

In the sixth Snyder singled, stole second and scored on the cheese man's hands, and Davis followed suit by knocking a high one which was captured by Abbott.

also was in good form and had it not been for Brigger's error in the second a different story perhaps, might have had to be written.

The fielding of Abbott, Schweitzer and Snyder was also worth more than double the price of admission and was of the most sensational order. The first named gentleman, caught a fly while on a dead run, picking it almost out of the grass and scooping it into his mitts while turning a somersault. Just to show that he had it fair he threw it from him while his body was still in the air. Schweitzer made a great run to deep right center and pulled down a high fly off Limrick's bat that looked almost like an impossibility. It remained for the old reliable Lefty Snyder to show up one of the most remarkable catches ever made at the park. He started on a full run after Davis' high swat to the center fence, reaching it just in time to save a three bagger. The catch is all the more remarkable when the distance he had to cover is considered.

The game was truly a fast one and was thoroughly enjoyed by everyone present. Only one run was earned, that going to the credit of Newark in the sixth:

How the runs were made.

In the second Haval hit for a single, was sacrificed by Murray for a single, was sacrificed by Brigger to Schlatter, Murray reaching first in safety. Gygli went out to Hagen to Schlatter, Winters flew out to Woodruff and Abbott popped to Schlatter.

In the sixth Snyder singled, stole second and scored on the cheese man's hands, and Davis followed suit by knocking a high one which was captured by Abbott.

WOMEN SMASH BUTCHER SHOPS

Serious Rioting in the Jewish Quarter of Philadelphia.

POLICE USE THE BIG STICK

Disturbances Followed the Attempt of Yiddish Women to Boycott the Kosher Butchers, Who Increased the Price of Meat—Ghetto Customers Roughly Handled.

Philadelphia, July 26.—Incipient riots followed the efforts of Yiddish women to boycott the kosher butchers in the Jewish quarter here. The butchers had increased the price of meat. All through the ghetto there were fierce outbreaks, in which persons who attempted to patronize the stores were roughly handled. In several instances the stores were sacked and the meat destroyed. The women gathered in front of the stores and seized every person who entered. The meat the customers had purchased was taken away from them and tossed in the streets after coal oil or acid had been poured over it. In three shops oil was poured over every piece of meat, the chopping blocks and counters were overturned, and the windows in the stores were demolished.

Because most of the disturbers were women, the police at first hesitated to use force in trying to disperse the mobs in front of the stores, but as the situation became more serious, they were finally compelled to use severe measures, and a number of men and women were sent to the hospitals suffering from injuries received in resisting the officers. None was seriously hurt, however, and the authorities now have the situation well in hand. The kosher butchers met and decided to close their stores until the wholesalers shall reduce the price on meats to a scale that will enable the retailers to sell to their customers at prices within their means.

A meeting was held later in the center of the troublesome district, at which the disturbers were advised to use less strenuous methods, but to fight the butchers by refusing to buy meat or anything else in their stores. The butchers plan to retaliate by having the "shockets" cease killing chickens and poultry, so that those participating in the boycott can not secure a supply of flesh from this source.

Amador in Paris.
Paris, July 26.—Dr. Manuel Amador, president of the Republic of Panama, who is traveling through Europe on a pleasure trip, was received by President Fallieres at the Elysee palace. The usual military honors accorded the ruler of the state were extended to Dr. Amador. Troops were drawn up for his arrival in the court yard of the palace. The band could not play the Panama national anthem because it did not have the music; consequently it rendered the "Marseillaise." The interview took place in the Salon des Ambassadeurs and lasted twenty minutes.

Not Very Well Put.

The Frenchman—But madame, too, will join my party at the opera, yes?
Matron—You must really excuse me tonight, monsieur, but my daughter may go.
The Frenchman—Ah, no, no! I shall not take ze refuse.—Tatler.

A RHYME TO PHYLLIS.

When Phyllis walks along the sands,
Clad in her bathing suit, and stands
And gazes out upon the sea,
I wonder not that mightily
The ocean rages for a space
To hold her in his cold embrace!

When Phyllis for a moment kneels
Upon the beach the wavelets steal
Up closer there to snatch a kiss
That fills it with such utter bliss
That, as it rushes back to sea,
It seems to dance in ecstasy.

When Phyllis when her dip is done,
Lies basking in the yellow sun,
Who wonders as she rests out there,
That suddenly the summer air
Grows languid and the breezes die
Away just like a lover's sigh?

Ah, would I were that favored sea
And Phyllis daily came to me!
Ah, would I were that wavelet small—
No laggard would I prove at all—
Ah, would I were the little breeze
That comes to kiss her from the seas!

Or yonder sun that smiles above
And dowers her with stores of love.
Egad, 't'd even be that grave
Old toister hiding 'neath the wave,
That when my princess leaves the shore,
Just nips her toe and asks no more!

DAY'S BUSINESS IN COURT HOUSE

Partition Case.

The Probate court took up the hearing of the partition case of Geo. Davidson and others Friday morning. J. R. Fitzgibbon and S. Leamon represented the plaintiff and F. W. Owen and R. L. Carr of Mt. Vernon, represented the defendant. The evidence was partly gone into when, owing to the absence of R. F. Pumphrey of Delaware an important witness, further hearing of the case was continued until Monday, July 29, at 1 o'clock.

Lunacy Inquest.

The hearing of the inquest of lunacy on Johanna Fitzgerald was resumed Friday afternoon, when witnesses for the defense were examined.

Interesting Statistics.

County Auditor J. N. Wright produces the following facts from his abstract of personal property, moneys and credits for 1907:

There was a loss in the number of horses in the county of 112, but a gain in valuation of \$72,205.

In cattle there were 2336 less than last year, but a gain in valuation of \$2836

The abstract shows that there are 14 less mules than last year, but that the valuation has been increased \$480.

In sheep there is a gain of 3193 in number, while the valuation has been increased \$14,309.

There has been returned 6564 hogs than last year, and the valuation has been increased \$48,119.

The valuation of all moneys in possession or on deposit has been increased \$39,951

The value of all credits after deducting debts, is increased \$94,360.

Banks, railroads and other corporations were increased over last year \$298,264.

The total value of the tax duplicate shows an increase of \$375,550

According to the abstract the number of dogs in the county has decreased 253

Appointments Made.

Attorney Roderick Jones has been appointed administrator of the estate of Mrs. Mary Giffin, deceased of Granville Bond \$1200.

The last will and testament of Lester W. Sturdevant, late of this city,

was admitted to probate on Friday, and his brother, S. W. Sturdevant of South Bend, Washington, was appointed executor of the will. Bond, \$10,000.

Answer Filed.

In the alimony case of Carrie Smith against Robert Smith and others, the defendant, Hubert Smith, has filed his answer. He admits that he and the plaintiff were married on the 12th of April, 1906, and that no children were born of the marriage. He admits that he is an employee of the Indiana and Eastern Traction company, but denies all the other allegations in the plaintiff's petition. He says that on March 25, 1907, there was a separation between them, but that it was the plaintiff who, on that occasion abandoned him. Defendant says that about two weeks subsequent thereto the plaintiff returned to live with him as his wife until on or about May 28, 1907, at which time plaintiff without just cause or provocation, left the home of defendant and has since remained away of her own choice. He asks that her petition be dismissed. Smythe & Smythe, attorneys for Hubert Smith.

For Assault and Battery.

Ben Eisinstein was arrested on a warrant issued by Justice Lake on affidavit of Adam Eisinstein, charging him with assault and battery. He was taken before the justice, pleaded not guilty to the charge and the hearing was set for next Monday. In default of \$100 bail he was sent to jail. He was also arrested on a peace warrant sworn out by the same party and his bond was fixed at \$100 which he was unable to give.

YOUNG CYCLONE STRIKES CROTON

Croton, July 26.—A heavy wind accompanied Thursday night's storm and did considerable damage in this vicinity. A metal roof was blown from the new barn of Fred Williams residing a short distance west of town. Mrs. Nora Miller, north of town, suffered the loss of a large shed which was demolished by the young cyclone. A corn crib belonging to C. D. Buell was struck by lightning. A great deal of timber was blown down, wheat stacks were blown away and along the creeks newly cut hay has taken a sudden departure never more to be seen by its owners.

A couple of covered bridges east of town which stand about 150 yards apart, were badly damaged by the raging waters in the creek and the road was impassable on account of the high waters.

Straw hats—big reduction on all straw goods at w-f EMERSON'S.

WITNESSES TRY TO PROVE ALIBI IN POLICE COURT

Police court business Friday was given over to the preliminary hearing of Clyde Duboise and Clark M. Johnson, charged with committing a burglary at the residence of Philip Warner, of West Main street, on the evening of July 6.

A number of witnesses from Norwalk, the home of the defendants, were present and testified in their behalf in an endeavor to prove an alibi. The prisoners were represented by Attorney B. G. Smythe, while the state was represented by Assistant Prosecuting Attorney C. L. Flory. Chief Sheridan returned from Cincinnati Thursday evening, bringing Johnson with him, he having been apprehended there several days ago. Duboise was arrested in Norwalk July 6, and was brought to this city shortly afterwards.

COUNTY SALARY LAW CONSTITUTIONAL

Declares Judge Smith of Cincinnati, Who Hands Down Decision at Dayton.

The county salary law is constitutional, according to a decision handed down at Dayton in the Circuit court by Judge Samuel Smith, of Cincinnati.

The decision of the Cincinnati jurist was concurred in by Judges Wilson of Sidney, and Sullivan of Troy. The test suit was brought against County Recorder Theobald to compel him to make the quarterly returns of his office. According to the decision the salary law is equitable and is not special legislation.
